

## 2010 Deadlines

### Virginia Grant and Loans

Identifying low-cost funding for municipal projects, especially major infrastructure projects, has never been more important than now. To help you be aware of upcoming deadlines and potential sources of funding we have compiled a list of application deadlines for many of the funds available to local governments in Virginia.

Click the link at the bottom to view a table of information that is not meant to be all-inclusive, but will help you be aware of upcoming deadlines for some sources of grants and low-cost loans for public projects.

Three examples of funding sources that could benefit your community:

The Virginia Department of Housing and Community Development has funds available for construction ready water and sewer projects. These applications are received on an open basis from January 2010 through the end of October 2010.

The Virginia Department of Health has planning and design grants available and applications are accepted on an on-going basis through August 27, 2010.

The VML/VACo Finance Program offers the Pooled Bond Program with applications accepted on an ongoing basis.
